

# ORMISTON DENES ACADEMY

---

8th May 2020

Dear Parent/Carer

I hope you and your families remain well and continue to stay safe.

There is very little news to share with you this week regarding the current situation. Students continue to access their work via Google Classroom and we are tracking the percentage of engagement. I cannot over emphasise the importance of students engaging either through our on-line learning platforms or the national ones that are available.

To the students who are working, my thanks; they will get a great deal of benefit from this when we return to school, therefore I implore all parents to encourage their children to complete their school work. And a special thanks to those parents and carers who are encouraging their children to do this.

MFL have asked me to pass on this message *“For all linguists, in addition to the work set in Google Classroom, please download the free app “Duolingo” for further learning – we love it in MFL”*

Continue to stay safe and have a nice weekend.

Yours faithfully

Jim Nixon  
Principal
