

ORMISTON DENES ACADEMY

4th November 2020

Dear Parent/ Carer

Following the Government's weekend announcement and confirmed instructions from Ormiston Academies Trust, with effect from Thursday 5th November 2020 staff and students must wear face masks when using communal areas indoors and when moving around the school. When seated to eat or drink, masks may be removed.

As a reminder, the wearing of masks in the classroom continues to be voluntary.

If you believe your child is exempt from wearing a facemask for individual reasons, please contact your child's pastoral manager to discuss this.

We cannot provide face masks for students so please ensure they bring their own into school each day, and it would be advisable for them to have a spare in case they misplace it during the day. All face masks must be of an appropriate design for school.

This change is mandatory under COVID-19 guidelines as it would be in other areas of society and will be enforced around the school.

Yours faithfully

Jim Nixon
Principal
