September 2021
Dear Parent/Carer

IMPORTANT INFORMATION: Human Papillomavirus (HPV) immunisation

The HPV vaccination helps protect boys and girls from HPV-related cancers. This virus increases the risk of developing some cancers later in life, such as cervical cancer, some mouth and throat cancers and some cancers of the anus and genital areas.

In line with the National Immunisation Programme, Hertfordshire Community NHS Trust's Norfolk School Aged Immunisation Service offers the HPV vaccination to all eligible boys and girls in school. Your child will require two injections with the second injection given approximately 6 months after the first. In order to get the best protection, it is essential that your child receives both vaccinations. Please make sure on the day of immunisations your child is fit and well and encourage them to eat breakfast. Your school will be notifying you of the immunisation session dates.

We are aware your child may have already begun this immunisation programme (but not completed it). If this is the case, please complete an online consent form anyway.

A response is required. You must accept or decline this vaccination by completing the online form.

Please click on this link [Immunisation Form](#) and complete the form.
You will need this unique code number **EE139403** which identifies your child's school.

The electronic link will close at 10pm on Tue, 14 Sep 2021

Please note the form will not work on some mobile phones and tablets. Please telephone 0300 555 5055 for alternative consent options

It is important for you to discuss and complete the consent form with your child. Further information can be found online: [HPV Vaccine](#) and the [Patient Information Leaflet](#). For further information about vaccines, click [here](#)

Measles / Mumps / Rubella (MMR)

We would also like to remind you that all children and young people should have 2 doses of MMR. If you are not sure whether your child has been fully immunised against MMR please contact the Immunisation team on 0300 555 5055.

Yours sincerely,

Chris Wheeler
Operational Manager for East Anglia Community School Aged Immunisation Service

This service is provided by Hertfordshire Community NHS Trust and covers Hertfordshire, Cambridgeshire, Peterborough, Norfolk and Suffolk.
